

NURSING

Offered in collaboration with the University of Ottawa, this program seeks to develop professional nurses possessing critical judgment, interpersonal skills, a desire for life-long learning and the ability to work effectively in a variety of health care environments. Graduates will be eligible to join the workforce as entry-level nurses in all areas of health care. Their training will also prepare them to write the Canadian Registered Nurse Examination of Canada and to pursue postgraduate studies in nursing.

EMPLOYMENT OPPORTUNITIES

- hospitals
- community-based health organizations
- public health services

ENTRANCE REQUIREMENTS

Must have successfully completed Senior 4 or the equivalent with a minimum average of 70%; 65% in at least one 40S science course (Biology and Chemistry are highly recommended); at least 60% in Français 40S, English Language Arts 40S/40G and in either Mathematics 40S/40G, Pre-Calculus 40S, Applied Mathematics 40S.

Candidates' immunization record must be current and according to standards set by the Regional Health Authority. **PROOF OF IMMUNITY MUST BE PRESENTED TO THE ETP OFFICE WHEN REGISTERING. All immunization requirements must be met before students are permitted to participate in the clinical practicum.**

Must hold a certificate of proficiency in Standard First Aid and cardiopulmonary resuscitation at the Basic Rescuer level, valid for the year of admission. The certificate must be kept up-to-date throughout the period of studies.

CREDENTIAL AWARDED

Upon successful completion of three years of study, the Nursing Diploma is granted by the Collège universitaire de Saint-Boniface. The Bachelor of Sciences in Nursing is granted after the 4th year by the University of Ottawa, upon recommendation by CUSB (subject to approval by the Senate of the University of Ottawa).
